Ms. Coyiuto explained that as for investments, the company had a total investment portfolio of P1.38B which is 8.18% higher from the previous year. This resulted to an investment income of 43.97M or 8.46% higher than that of the previous year. Mostly we have placed our investments on short term time deposits as well as in treasury notes with periods for at least 5 years that are high yielding. This good investment result is primarily because of the efforts of our investment team who made sure such investments are placed in the best available investment in the market.

The Chairman asked if there were any other matters for further discussion. Hearing none, the Chairman thereafter declared the Treasurer's Report for 2020 as noted.

A copy of the Treasurer's Report for 2020 is hereto attached (Annex III) and is made an integral part hereof.
